“The roads are endless, but time is limited.

Let’s wander where the path leads.

Discover new destinations.

Travel the unexplored territory
and experience what the place has to
offer.”

The Journey of a Lifetime. We, the Imagine Nepal clan conquered Manang last year, making it the biggest off road event to take place in Nepal. Manang was unforgettable trip. With the same vision, we are levelling up this year: team spirit, same objective but a different destination and a whole new mission.

Let’s join our forces together and travel to the ancient kingdom of Lo Manthang. We the Nepali people are very rich in culture and heritage. ‘Unity in Diversity’ empowers us. Let’s explore the cultural diversity in Lo manthang. Let’s experience and appreciate what our own country has to offer. Let’s uplift Nepal in the tourism sector by promoting Lo Manthang.

The clan will be heading towards Lo Manthang in 4 wheelers. The journey will begin from Kathmandu, making Pokhara our very first destination of the ‘6 days trip’. Jomsom will be our second destination for the event. We’ll be heading towards Lo Manthang the day after that. As Lo Manthang is our main destination, we’ll be staying there for two days and exploring the place. On our way back, we’ll drop by Muktinath. This lifetime journey will end in Pokhara with grand celebration and a closing ceremony.

Journey for 1000 miles are not competed at once.

We are back again to conquer the remaining.

One destination at a time.

This time for Lo Manthang.

Journey for 1000 miles are not competed at once.

This time we conquered Lo Manthang

About Imagine Nepal

We started with a journey to conquer Manang but now we seek to explore more.

Imagine Nepal aims to strengthen the Nepal tourism sector and offer travellers the best experience by conducting the biggest annual travel event. The sole purpose of Imagine Nepal is to promote unexplored destinations of the country. By promoting, we mean supporting and uplifting the country and people in whichever way we can. The team of Imagine Nepal – Manang trip made a contribution to the Committee of Manang (Ama Samuha) with a purpose to develop further in several ways.

We believe we can gain a lot by travelling. And by travelling, we can explore and build the nation. We grow by lifting others.

The leading travel event of the nation is back.

The biggest travel group initially travelled to Manang. Now, it's time to conduct the biggest journey to Lo Manthang.

Imagine Nepal 2017 will be filled with adventures and excitement.

It would be wrong to call it the biggest travel event if the journey only explores one destination. Therefore, Imagine Nepal 2017 will be the most wide-ranging event as we have 4 different destinations marked where the Imagine Nepal clan will be travelling and leaving its tyre prints behind.

Come together with us and let's
